

WORKSHOP ON ADVANCED TECHNIQUES IN GENOMICS

February 6th -9th, 2018

Conducted by

Madras Diabetes Research Foundation, India

(ICMR Centre for Advanced Research on Diabetes)

&

Indian Council of Medical Research

A workshop on the advanced techniques in genomics will be held from February 6th to 9th, 2018 by Madras Diabetes Research Foundation, under the aegis of ICMR. This workshop is aimed at training and capacity building of researchers in advanced techniques in genomics of type 2 diabetes such as Direct sequencing, MassARRAY, Microarray Genotyping, Functional genomics and statistical analysis. The workshop also includes a series of lectures by eminent scientists. Curriculum Vitae and a one page write up on the research interests and why this workshop could be helpful for the candidate's research should be enclosed along with the application form.

Application forms can be downloaded from our website www.mdrf.in

Last date for submitting applications through e.mail- January 19, 2018

Registration Fee: Rs. 1000/- for Students; Rs. 1500/- for Scientists

Selected candidates would be intimated through e mail after which the DD can be sent by post.

Organising Chairpersons

Dr. V Mohan

President

Dr. R.M. Anjana

Vice President

Organising Secretary

Dr. Radha Venkatesan

Executive Scientific Officer & Head

Dept. of Molecular Genetics

Organising Committee

Dr. S. Kanthi Mathi

Scientist

Dr. D. Bodhini

Scientist

Venue

Madras Diabetes Research Foundation

No.20, Golden Jubilee Bio tech Park for Women Society
